---

## SIGHT SEEING TRIPS

There are many places of interest to visit in and around Darjeeling and we offer a range of sightseeing tours. To make the most of your time we suggest you book your sight-seeing trips in advance with us. In Darjeeling during the high season taxis are in very high demand and it can often be very difficult and time consuming to find a decent car at a price you want to pay! By booking in advance with us you will be assured of a good quality, well maintained car, with courteous driver who will be knowledgeable about the local attractions: again you will not be rushed along by an impatient driver looking for his next customers. And remember the price is per car not per person -you will have the vehicle to yourselves.

If you prefer to make your own sightseeing itinerary you may like to hire a car and driver at Rs 3100 per day Inclusive of fuel (within Darjeeling sub-division).

The cars we use are: Xylo / Scorpio / Tavera or Innova if available.
